The officers and directors of Northern Kentucky Fly Fishers, Inc. ("NKFF") thank you for your support and interest in our organization. The past year has been an extreme challenge for everyone, and we hope that you are healthy and looking forward to a return to regular life's activities. While NKFF has been unable to hold our normal in person activities, we have accomplished much over the past year to communicate with our membership and remain active with as many activities within the club as possible. With the removal of state restrictions, we have reopened as an organization, and recently completed our first in person meeting on over one year.

Changes brought about by the shutdown have required much effort by the board. One of the more significant of these will be the date and format change to our annual Banquet and fundraising event. This year we will be holding an all-day outdoor event at AJ Jolly Park. A detailed description of this event will be sent out in the next several days, but we want to address this directly to our supporters with this letter. To continue all the projects that we support we are hoping that you will be able to both attend the event and consider a donation towards our fundraising efforts.

Over the past two years your support has allowed us to continue:

- | | |
|-----------------------|--|
| Scholarship Programs | Red Barring Scholarship Fund, merit based, offering \$2,000
2 full annual scholarships to KY Dept of Fish and Wildlife
conservation Camp Webb |
| Children in Community | supporting/hosting 6-8 children's fishing derby events
Activity involved with New Day Ranch to support its
therapeutic programs for children and families |
| Veterans | Active participation and support of Project Healing Waters,
a nationwide program for disabled veterans |
| Cancer Support | Providing fly-fishing programs for men and women living with
or surviving cancer |
| Conservation | A significant and important part of our activities. We support
and finance multiple programs throughout the Kentucky,
including parks department projects, stocking, stream clean
up initiatives, water access, and trail management
initiatives |

We hope you have enjoyed your affiliation with NKFF and hope you will continue to find in rewarding. Please attend our September event and if possible, support our club. You will be able to register for the Banquet on our website, and please donate if you are able.

Thank you in advance for your consideration.
