NUCANOE Frontier 12 Fishing Kayak

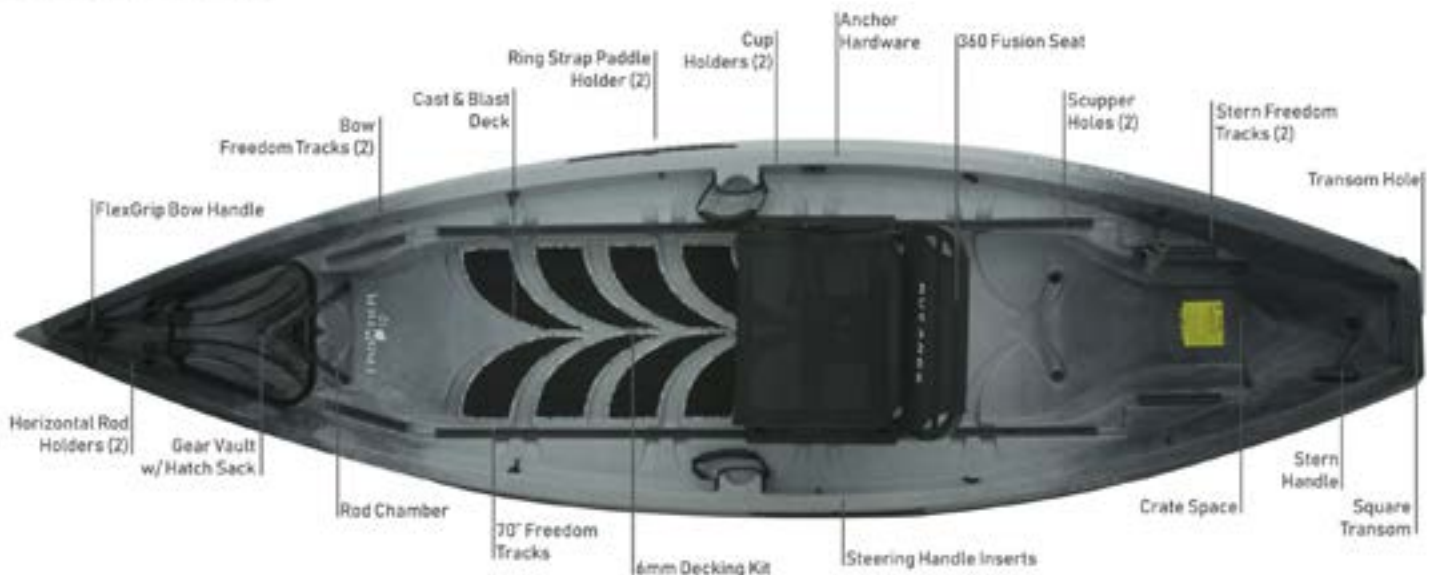

Here is how Nucanoe describes the Frontier 12:

The Frontier 12 is the ultimate hybrid kayak, designed from the hull up for serious anglers and hunters. Whether you are fly fishing in salt water, bass fishing in a river, or hunting in the marshes, the Frontier 12 will maximize your experience.

The Frontier 12 is ridiculously stable, so you can stand and fish with confidence on the 20" wide Cast & Blast Deck. Face the action and easily access your gear with 360 degree mobility.

The Frontier 12's versatile and customizable design puts you in control. Go solo in style or tandem with room to spare. Position seats where you want, and outfit the Frontier 12 just how you like with the 172" of Freedom Track. Surprisingly easy to paddle and completely comfortable, the Frontier 12 knows no limits. It also accommodates several propulsion options – pedal, paddle, motor.

Guided Trips

Chet Crowley

Cumberland River Guide

Chester “Chet” Crowley is a U.S. Navy veteran and has a “day job” running a hardwood flooring business in Lexington. He spends most weekends floating the Cumberland. Chet rows a traditional Clackacraft Drift Boat. Very comfortable. Chet is funny and light-hearted and not afraid to change flies if something isn’t working. He also likes a good recipe, like Walter’s Mexican Street Corn.

Rob Fightmaster

Smoky Mountain Guide

Rob is one of the Club’s favorites. Many members have fished with Rob over the years. It’s like fishing with an old friend. Rob’s knowledge of the Smoky Mountain NP streams is unparalleled. His patience and quiet coaching makes for a very enjoyable day on some of the prettiest streams anywhere. Rob will ask what type of fishing you want to do – back country, front country, rainbows, brooks or a hunt for big browns. He will know the best options based on time of year, water levels and temperatures. Rob is also a long time supporter of NKFF. Rob is also a UK graduate and fan!

Fightmaster Fly Fishing

Guided Trips

Brandon Wade, Cumberland Drifters

Cumberland River Guide

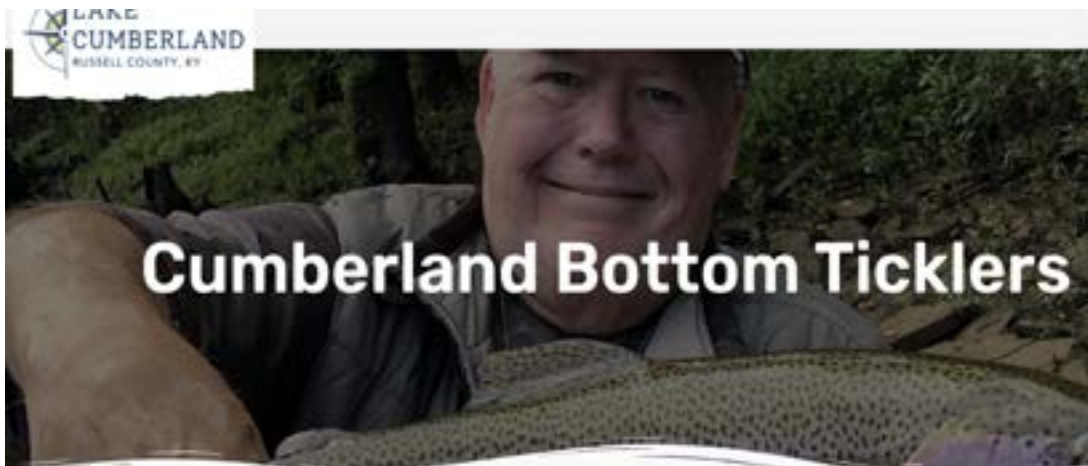

Brandon is one of the mainstays on the Cumberland River, having guided on it for many years. Brandon's support of NKFF has been unwavering over the years. He has a new Clackacraft and a new Tacoma to tow it! Brandon is well regarded both by his many clients and by his fellow guides. Brandon's day job is in the IT Department of Lexington Schools. A day with Brandon will be a fun day on the water!

Greg Williams, Cumberland Bottom Ticklers

Cumberland River Guide

Greg is a U.S. Army veteran and holds a coastal coast guard captain's license. Greg floats in a Stealthcraft drift boat. I haven't fished with Greg yet, but I plan to do so in the near future. I can't say enough good things about his support for NKFF and his responsiveness to our request for a donated float trip.

Guided Trips

Jim Sauerheber

Cumberland Valley Fly Fishers

Jim is an outstanding guide! I have done at least two day trips with him. First was on Wolf Creek below Cumberland dam. He put us on the fish each time! There's a chute on the river, you know it if you have ever fished it in low water, and he must have motored up and drifted down through that chute so many times. We caught fish each time. I lost a big fish one time through it. On another trip, Josh Lillard and I camped just below the Barren River, in Jim's neck of the woods, and we had so much top water action! We floated on Jim's drift boat and I knew it was going to be an adventure when he put a chainsaw on the boat as we were preparing for departure! We had to push the boat over a couple of sand bars but it was worth the trip! Josh and I had so much fun on that trip, all due to Jim's suggestions! I would do that trip a hundred times more if I could.~
